IITR- IGU Student Chapter Report

The Department of Earth Sciences, IIT Roorkee has established a new IGU student chapter. The first event of the chapter was the prestigious L.N. Kailasam Memorial Lecture on 5th April, 2017 followed by a poster-cum-interaction session for students. The lecture was delivered by Shri S. Mahapatra, Director (E&P), Oil India Limited, Noida. Prof. Shailesh Nayak, President of IGU and Dr. Kalachand Sain, Hon. Secretary of IGU has addressed the students about the IGU. The topic of lecture was "E&P Landscape in India-A peep into the future". The lecture witnessed a very positive reaction from the students of different years, who attended it very enthusiastically. The speaker touched upon various facets of the oil industry and its volatile nature. The lecture ended with the felicitation of Shri S. Mahapatra by Prof. Shailesh Nayak with a medal and plaque.

The lecture was followed by a poster presentation session. There were 45 poster presentations by students on different fields of geophysics and geology. The event concluded successfully with an informal interaction of the students with the guests.
